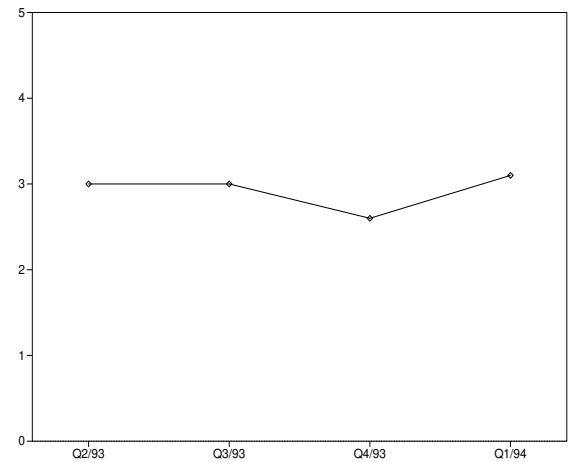
NCC Personnel "Growth"

Number of FTEs Available



NCC Core Staffing

The NCC core services need more staff now!

Affected Activities

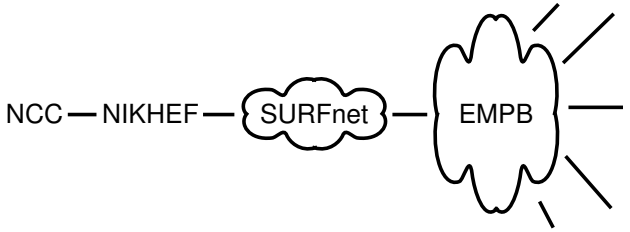
- Database Documentation
- RIPE Handles
- DB coordination with InterNIC
- making DB classless
- support for local regsitries
- Quarterly
- .....

Plan

- hire one “Junior Administrative Staff” a.s.a.p
- look for additional income 1994
- if possible hire one “Technical Staff” in Autumn
- if this is not possible, curtail services

From Last Meeting

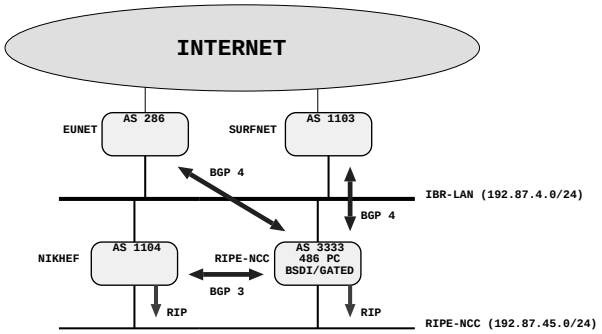
Internet Connectivity of the NCC



- concerns in the community:
  - universal connectivity
  - commercial advantage of NCC provider
  - NCC neutrality
- problem is being addressed

RIPE ncc

Situation Now



EUNET destinations through AS286
ALL others through AS1103
BACKUP through AS286
BACKUP through AS1104

IP address will change in future !!!
Router can handle ~50,000 routes

RIPE ncc

Conclusions

The RIPE NCC core services need more staff now!

Days are getting too long.

It is becoming less FUN!
