Limericks Working Group Report

- Limerick directory growth is slowing down
  - 7 limericks added
  - 47 in total now
  - entries from new registries!
- Interest from schools and colleges is declining
- Due to RIPE NCC staffing growth, the working group membership has changed. To keep track of new submissions, new limericks will be ticketized
- Limerick working group will track developments of limerick$_{\mathbf{ng}}$ (proposed standard) development effort

- Submission mechanism does not check for the service level of the submitter of the limerick (yet).
- Submissions can be submitted for review to

"limericks-wg@ripe.net"

PLEASE SUBMIT YOUR LIMERICKS !!

(addressing plan is not required)

Breakdown of limericks

It used to be IXI, now it's EMPB
Some say it's Europanet, some use all three.
But from next October
When the new guys take over
We'll have to remember the name of BT.
